THE KOREA SOCIETY

MEMBERSHIP

For over 50 years, The Korea Society has promoted greater awareness, understanding, and cooperation between the peoples of the United States and Korea. From our base in New York City, we present timely and informative public programs in business, policy, education, culture, and the arts.

Our active Korean Studies program provides American educators and students with expense-paid opportunities for study and travel in Korea. The Society also programs a nationwide schedule of Korean performing arts and exhibits, and a new "Korea Day" series brings discussions of business, policy, and cultural affairs to regional capitals throughout the United States. In addition, many of our programs reach national audiences through a growing online presence.

Become a member of The Korea Society and connect with a fascinating and involved membership that shares a deep interest in Korean business, politics, art, and culture. Your membership provides the vital support for our many programs, and ensures the Society's continued growth as the premiere non-profit organization dedicated to celebrating Korea's rich culture and strengthening the ties between Americans and Koreans.
